The Classic Roast is our most popular coffee. It's a medium roast, which means that it's not too dark, and it has just the right amount of smoothness to it. The Classic Roast uses all of the highest quality beans, but never over-roasts them to give you an old school taste that you are sure to love.

Best Christmas Gift 2021

Shannon on Dec 28, 2021

This coffee was sent to me as a Christmas gift. This is the best gift I have received in years. This coffee is so smooth and mellow. I can drink it black which is something I never do! If you want a mellow smooth coffee with a low acidic taste this is he one you should order!

Great Coffee for everyone!
